TEST, EVALUATION AND DEMONSTRATION PROGRAM

Military, Law Enforcement and Media personnel are eligible to receive Holographic Weapon Sights (HWS) for Test, Evaluation and Demonstration (TED) purposes upon written request to L-3 Communications EOTech, Inc. (L-3 EOTech). All requests are required on L-3 EOTech standardized forms available for download on our website: TEDI001 for Domestic Distributors and TEDI002 for International Distributors. Requests are limited to three (3) units per year unless otherwise authorized. Any request must be approved by the VP of Sales and Marketing, VP of Finance/Controller and the Empowered Official (in the case of international distributors).

Once approved, the request will be internally processed, invoiced and shipped. The package will include the following:

- Product requested
- Invoice – to be used for payment if distributor opts to purchase.
- Response Form – to provide L-3 EOTech feedback regarding the requested product.

If product is not returned within 45 days, unless otherwise authorized, the recipient will be charged the full TEDS cost.
